MORE AND MORE, MARYLAND HOSPITALS ARE preferring their nurses to hold Bachelor's degrees. This means that earning your Bachelor's at the start of your career will get you in the door more easily and help you go further, faster.

CCBC's Associate to Bachelor's (ATB) in Nursing is designed to do just that, while saving you a lot of money and time in the process. It lets you begin working on your B.S. in Nursing at one of our four partner universities *while* enrolled in CCBC's renowned Nursing program. You complete your Associate degree at CCBC's affordable tuition rate, take the exam to begin work as a Registered Nurse, then complete your B.S. part-time with only 2-3 semesters to go.

ATB: It's a great nursing education made incredibly affordable!
